

FOUR ROOMS OF CHANGE®

WELCOME TO PARTICIPATE IN THE FOUR ROOMS OF CHANGE USER CONFERENCE

August 30, Ersta Conference Center, Stockholm

The Four Rooms of Change User Forum currently consists of about 250 certified persons - consultants, managers and specialists from different areas. We meet once a year at a three-day User Conference to exchange experiences and develop new learning.

One of the days we invite guests to join us!

Program

Theme: The Thin Line between Creativity and Madness.

10:00 a.m - 12:00 a.m keynote speaker **Simon Kyaga**, Chief Physician at Karolinska University Hospital, will introduce this theme based on his own research. The research relates in an interesting way to the Four Rooms of Change theory and we believe it will give both certified and guests some new thoughts.

12.a.m - 18 p.m we will offer parallel stations where we explore different areas of use for the Four Rooms of Change. Choose the stations that attracts you most!

Plenty of time for reflection, discussion and sharing.

We will work until 18:00 p.m. and finish with mingling in the garden.

Dinner with entertainment at 18:30 pm.
